

NORTHBANK

— Civil & Marine —

Construction Project Manager

Northbank Civil & Marine, Inc. is a heavy civil contractor located in Vancouver, WA that focuses on heavy construction in marine, industrial, and highway and rail transportation. Northbank is committed to excellence and has built a solid team of hardworking professionals who have been in the industry for many years. Northbank is committed to growth and providing excellent career advancement opportunities, benefits, and work environment.

Requirements:

- 5+ years' progressive responsibility on heavy civil construction projects including dams, ports, bridges, highway, and rail. Preference to those with USACE and marine experience
- Undergraduate degree in engineering, construction management, or similar discipline. P.E. is desired
- A strong understanding of field operations with aptitude for building complex projects
- Proficiency in Microsoft Office, estimating software, P6, AutoCAD, and accounting software is a plus
- Ability to access all points of a construction site in wide-ranging climates and environments
- Valid driver's license
- Willing to temporarily relocate

Key Responsibilities:

- Provide effective leadership for project performance, monitoring of schedule, costs, equipment, manpower, materials, safety, & quality control
- Establish and maintain strong relationship with owners, design consultants, subcontractors, regulatory agencies, and public
- Procurement of new work by participating in estimates, proposals, and presentations
- Understand and enforce contractual responsibilities, contract documents, and resolve disputes
- Support the overall safety mission and goals of the organization
- Monitor and assess the performance of the project, field leaders, engineers, and operations staff
- Train, coach, and mentor project personnel to develop a cohesive and effective team
- Ensure project profitability

Benefits:

- Competitive Pay Package
- Cell Phone
- Medical Insurance
- Retirement Package
- Vehicle/Vehicle Allowance
